Foreword by David G. Kline vii  
Foreword by V. S. Mehta ix  
Preface xi  
Acknowledgments xiii  
Message from the ISPNS President xv  
Contributors xvii  

1. Basic and Applied Anatomy of Brachial Plexus  
   Ritu Sehgal and T. S. Roy 1  
2. Pathophysiology of Nerve Injury  
   Yuval Shapira and Rajiv Midha 13  
3. Clinical Evaluation in Adult Brachial Plexus Injuries  
   S. Phanikiran and K. Sridhar 33  
4. Diagnostic Imaging for Brachial Plexus Lesions  
   Daniela Binaghi and Mariano Socolovsky 39  
5. Ultrasound Evaluation of Peripheral Nerves and Brachial Plexus  
   Zarina S. Ali, Jared M. Pisapia, Tracy S. Ma, Eric L. Zager, Gregory G. Heuer, and Viviane Khoury 55  
6. Role of Preoperative Electrodiagnostic Evaluation in Brachial Plexus Lesions  
   Shweta Kedia and Sumit Sinha 65  
7. Adult Brachial Plexus Injuries: Surgical Strategies  
   Sumit Sinha, Rajiv Sharma, Mehdi Khani, and Nasim Mansoori 85  
8. Adult Brachial Plexus Injuries: Surgical Techniques and Approaches  
   Christian Heinen and Thomas Kretschmer 101  
9. Nerve Transfers for Shoulder and Elbow in Adult Brachial Plexus Injuries  
   Debora Garozzo 115  
10. Nerve Transfer to Restore Forearm, Wrist, and Hand Function in Brachial Plexus Injury  
    Natalia Gutierrez Olivera, María Ángeles De La Red-Gallego, and Alain Gilbert 131  
11. Late Reconstruction in Adult Brachial Plexus Injuries  
    Christophe Oberlin and Zoubir Belkheyar 153  
12. Obstetric Brachial Plexus Injury: An Overview  
    Mukund R. Thatte and Nayana S. Nayak 159  
13. Obstetric Brachial Plexus Injuries: Surgical Strategies  
    María Ángeles De La Red-Gallego, Natalia Gutierrez Olivera, and Alain Gilbert 173  
14. Microsurgical Reconstruction in Gunshot Injuries  
    Prem S. Bhandari 185  
15. Primary Brachial Plexus Tumors  
    Ketan Desai 191  
16. Radiation-Induced Brachial Plexus Neuropathy  
    Ketan Desai 205
