Contents

Foreword vii
Preface ix
Contributors xi

1. History of Spinal Deformity
   Areeba Tariq, Yousuf Shaikh, and Salman Sharif

2. Radiographic measurements of Spinal Deformity with examples
   Noorulain Iqbal

3. Cases of Scoliosis
   Onur Yaman and Yasir Jazzib Ali

4. Biomechanics and Deformity
   William J. Kemp, Vikram Chakravarthy, and Edward C. Benzel

5. Harmony of Curves in Sagittal Balance
   Emanuele Quarto, Abhishek Mannem, Wendy Thompson, Thibault Cloché, Laurent Balabaud, and Jean Charles Le Huec

6. Spinal Sagittal Balance
   Onur Yaman

7. Congenital Scoliosis
   Stacey Darwish

8. Neuromuscular Scoliosis
   Alexandra J. White, Tyler J. Calton, Jacob Hoffmann

9. Adolescent Idiopathic Scoliosis
   Eric Schmidt, Kyle McGrath, Vikram Chakravarthy, and Jason Savage

10. Iatrogenic Deformity
    Taofiq D. Sanusi, Michael McLarnon, and Nikolay Peev

11. Degenerative Scoliosis
    Jacob Hoffman

12. Role of Limited Surgery in Adult Deformity
    Inyang Udo-Inyang, Jr., Assem Sultan, and R. Douglas Orr

13. Correction of Coronal Imbalance
    Tansu Gürsoy, Kemal Paksoy, and Onur Yaman

14. Osteotomies in Adult Deformities
    Paul Page, Eric Momin, and Nathaniel Brooks
15. Osteotomies and Other Strategies for Cervical Deformity Correction
   Mehmet Zileli and Salman Sharif

16. Deformity Correction Surgery Using Long Fixation: Where to Stop?
   Abdelfattah Saoud

17. Correction of the Deformity Using Minimally Invasive Surgical Techniques
   Ziev B. Moses, Matthew H. Trawczynski, Brian T. David, and Richard G. Fessler

18. Intra-Operative Monitoring
   Muhammad Tariq Imtiaz and Parmod Kumar Bithal

19. Junctional Kyphosis Following Spinal Fixation and Scoliosis Corrective Surgery
   Amjad Shad, Fardad T. Afshari, Davor Dasic, and Mehmet Zileli

20. Cranial Femoral Traction in Severe Scoliosis
    Arvind G. Kulkarni and Sameer Ruparel

21. Dynamic Instrumentation for Deformity
    Ali Fahir Ozer and Murat Korkmaz

22. Innovative Correction Technique for Scoliosis
    Yousuf Shaikh
