The *Journal of Pediatric Infectious Diseases* is a peer-reviewed medical journal publishing articles in the field of child infectious diseases. The journal provides an in-depth update on new subjects and current comprehensive coverage of the latest techniques used in diagnosis and treatment of childhood infectious diseases.

The following articles will be considered for publication: editorials, original and review articles, rapid communications, letters to the editor and book reviews. Case reports are no longer published in the *Journal of Pediatric Infectious Diseases*. Authors are encouraged to submit case reports to the *Journal of Child Science*. The aim of the journal is to share and disseminate knowledge between all disciplines in the field of pediatric infectious diseases. This journal is a publication of the World Pediatric Society: [http://www.worldpediatricsociety.org/](http://www.worldpediatricsociety.org/)
The *Journal of Pediatric Infectious Diseases* is available in print and online. Articles published ahead of print are available via the eFirst service on the Thiemie E-Journals platform.

*Journal of Pediatric Infectious Diseases* is affiliated with:
