

Journal of Child Science

Volume : 10
Year : 2020
ISSN : 2474-5871

Description

This Open Access journal is available to read for FREE on [Thieme E-Journals](#).

Online Manuscript Submission
Submit your article here

For further information about how to submit a manuscript to JCS, including details about the publication fee, please see the author instructions.

Pay What You Want: This journal implements a Pay What You Want model for article publication fees. This means that once your manuscript has been accepted for publication and it comes to paying the processing fee, you decide how much to pay. We are giving you the choice to pay any price you feel appropriate. Please contact journals@thieme.com with any questions.

The *Journal of Child Science (JCS)* (formerly known as Journal of Pediatric Biochemistry) aims to be a world class Open Access journal, publishing the best papers from around the globe on all areas of child science. As the official publication of the [World Pediatric Society](#), JCS reflects the over-arching aims of the society to apply the developments of the latest research in early diagnosis and treatments of childhood diseases, with an aim to decrease the high death ratio of children across the globe.

The following articles will be considered for publication: original articles, reviews, and case reports.

Topics covered in the Journal of Child Science include general pediatrics, pediatric subspecialties (adolescent medicine, allergy and immunology, cardiology, critical care medicine, developmental-behavioral medicine, endocrinology, gastroenterology, genetics, hematology-oncology, infectious diseases, neonatal-perinatal medicine, nephrology, neurology, emergency medicine, pulmonology, rheumatology), pediatric surgery, pediatric dentistry, pediatric hospitalist, medicine, public health, child health services, basic sciences, psychology, psychiatry, education, sociology, nursing.

Journal of Child Science is affiliated with:

Association for Clinical Biochemistry, Sri Lanka

Indonesian Society for Biochemistry and Molecular Biology

Korean Society of Clinical Chemistry

Macedonian Society of Medical Biochemists

Polish Society for Laboratory Diagnostics

Romanian Society of Laboratory Medicine

Society of Medical Biochemists of Serbia

South African Association of Clinical Biochemistry

Spanish Society of Clinical Biochemistry and Molecular Pathology

The Association of Georgian Biochemists

Ukrainian Society of Clinical Laboratory Diagnostics

Abstracting and indexing:

EMBASE, SCOPUS, ESCI, EBSCO, ProQuest

JCS requires that authors follow the ICMJE (International Committee of Medical Journal Editors) recommendations for the Conduct, Reporting, Editing, and Publication of Scholarly work in Medical Journals. More information can be found here:
