Description

The extensive MRCPCH syllabus can be overwhelming, and it’s the aim of this title to compile the essential information candidates need in one, easy-to-read text. Over 25 chapters, Essential Revision Notes in Paediatrics for the MRCPCH covers every major subject found in the syllabus.

Designed to help you revise quickly and efficiently, the content is presented concisely in note format. Essential facts are displayed in tables, bullets and diagrams so they are easy to digest. The chapters are specialty-based to help structure and focus your revision.

This third edition has been revised and updated throughout to reflect the latest exam changes and guidelines.

Essential Revision Notes in Paediatrics for the MRCPCH is also suitable for GP trainees studying for the DCH and for allied health professionals who want to broaden their general paediatric knowledge.
