Price: $79.99

Description

Neurosurgery Updates: Critical Care for Neurosurgeons, Volume 3 is a constellation of chapters which gives a basic workflow for neurosurgeons to manage neurosurgery patients in the perioperative period. The book is suitable for practicing neurosurgeons as well as residents who are the backbone of any neurosurgical teaching program. The chapters have been contributed by experienced neuroscientists and critical care experts. Each chapter is based on the critical care aspects of a particular domain like trauma, pediatric neurosurgery, vascular neurosurgery, and the like. The experts have painstakingly curated the chapters and given a working suggestion of dos and don’ts.

Manas Panigrahi, MCh, FACS, is Senior Consultant Neurosurgeon and Head of Department of Neurosurgery, Krishna Institute of Medical Sciences (KIMS), Secunderabad, Telangana, India. He has set up one of the oldest comprehensive epilepsy centers of India at Nizams Institute of Medical Sciences (NIMS) and KIMS.
